Dear APOLLON Supporting Partner,

The APOLLON team would like to welcome you once more in our community!

In our first newsletter we would like to inform you that the APOLLON website is now accessible.

There are plenty of updates on www.apollon-pilot.eu to bring to your attention, take a moment to visit them.

You may have noticed that we have opened a dedicated section for you. You will find there the customized information that we believe are of interest to you.

Moreover, the first event organised by APOLLON on 14th April 2010 has occurred putting together the ENoLL and Future Internet communities. During the event, ENoLL, the European Commission and the Spanish Presidency had publicly announced the 4th wave of new Living Lab members. APOLLON has been the attraction of the event for the new comers which found the methodology for cross-border LL Pilots a useful tool for their own activities.

You can access APOLLON presentations at
